

Program Outline

Day 1	Asia Oceania Soap & Detergent Associations Conference
	<p>Day 1 will feature presentations on key issues and sector developments from the members of AOSDAC. The Australian Chamber of Commerce & Industry will open the event and confirmed associations to speak on key issues they are tackling on behalf of industry include:</p> <ul style="list-style-type: none">• Accord Australasia• China Cleaning Industry Association• Indian Home & Personal Care Industry Association• Japan Soap & Detergent Association• Malaysia Soap & Detergent Association• Taiwan Soap & Detergent Association <p>Additionally, Accord's innovation partner, Monash University, will be showcasing their capacity and approach to collaboration with industry, exemplified by a research case study on surfactants.</p> <p>Day 1 will conclude with networking drinks and the combined Conference Dinner.</p>
Day 2	Accord Cleaning & Hygiene Conference
	<p>Day 2 of the event will feature the following session themes:</p> <p>Session 1 – Hygiene Issues & Challenges Session 1 will feature confirmed presentations from the Food Safety Information Council and the results of their recent hand washing research; UNSW Professor Mary-Louise McClaws on '<i>Hygiene in the community in the times of antimicrobial resistance: choose your message carefully</i>'; and Accord member Solvay Interox presenting on a novel new disinfectant that functions at low temperatures.</p> <p>Session 2 – International Innovation & Trends Update – cleaning & hygiene This session will examine the trends impacting home care, as well as presentations and a panel discussion with our international counterparts from Canada, Mexico, South America, and the USA, on the key trends and priority issues for cleaning & hygiene in their regions.</p> <p>Session 3 – Environmental Issues & Challenges The third session will focus on environmental issues & challenges for industry and will include presentations from key stakeholders on important topics such as the circular economy, best practice sustainability and/or packaging, and plastic waste options. Jenni Downes, Research Fellow for BehaviorWorks Australia, is confirmed to speak on waste systems and individual/organisational behavior change. Jenni's expert commentary is often sought by broadcast media on waste issues.</p> <p>Session 4 – International Innovation & Trends Update – sustainability & environment The fourth & final session will capitalise on the unprecedented participation of our international colleagues, with presentations and a panel discussion on key trends and priority issues for companies on sustainability and the environment. This is to be followed by the highly anticipated launch of Accord's refreshed Hygiene for Health website.</p>
